VICE-CHANCELLOR‟S MESSAGE

Dear Learner,

The family of KSOU welcomes you to pursue the academic programmes you have chosen to achieve not only academic excellence but also to fulfill the desire of your career. The University, established by the Act of State Legislature has created wonderful academic ambience. The programmes offered by the University have been recognized by University Grants Commission. Therefore, the degrees are valid for employment opportunities across the country. The 'core values' of the University is derived from its vision ‘Higher Education to Everyone, Everywhere’. The ultimate touchstone of quality higher education is the motto of the University. Today, higher education stands at the crossroads of keeping pace with the emerging needs of the country.

The University has adopted a school concept in its functioning. The school of science headed by a Director offers academic programmes in basic and applied sciences. It combines an inter disciplinary and professional approach to pedagogy and research. The University believes that rigors of the contemporary world require competent quality human resources to create knowledge based society. The academic activities of M.Sc. programmes are routed through well-established department/s led by the Chairperson/s. Well-qualified teaching faculty with equally dedicated non-academic team is an asset to the University, which is always, committed for the welfare of the students.

The University functions in a 3-tier system of student support service, namely Headquarters, Regional Centres and Learners Support Centres spread all over Karnataka. The learners can undergo teaching learning process in the notified Regional Centres/Learner Support Centres. The University has adopted a mechanism to deliver Self Learning Material by print, limited audio visual and Counseling/Personal Contact Programme. As a learner, you will have greater opportunity to gain knowledge and skill through those mechanisms. The academic counselors will play a strategic role and enable you from the enrollment of the programme till you accomplish the goal. A proper blending of the knowledge and skill will be imparted so that you will be transformed as a good citizen to contribute to the development of society and the country.

The UGC in its Public Notice dated: 23.02.2018 stated that the Degree/Diploma/Certificate Programme awarded through distance mode are at par with corresponding Degree/ Diploma/ Certificate Programme obtained through conventional universities. The degrees acquired through distance education are recognized for the purpose of employment in State/Central Government, MNCs, Private Sector etc. and also for pursuing higher education in other educational institutes. Therefore, you have greater opportunity of pursuing Higher Education without any kind of fear about your career.

I am sure you will enjoy good experience with services rendered by the university through its Regional centres and Learner Support Centres, besides Headquarters. I wish you all the best in your academic endeavors.

Prof. Vidyashankar .S

ABOUT THE UNIVERSITY

The Karnataka State Open University is recognized by the University Grants Commission under (Open and Distance Learning) Regulation 2017.

Karnataka State Open University was established in June 1996 with a vision **'Higher Education to Everyone, Everywhere'.** The University blossomed in the era of globalization in which the economies of the world are being transformed from their original closed self-sustaining structure to the globalized context, where they can expose themselves to the competitive world. This transition forced the arena of knowledge emphasizing itself to more of its application than of accumulation of facts. The Karnataka State Open University in order to cope with the present global environment, is attempting to integrate interdisciplinary approaches in the dissemination of knowledge with the aim of achieving overall human personality development.

Mysuru is a historical centre possessing a rich cultural heritage which had valiant historical events of different kingdoms and humane social setup of incomparable stature. University has paved the way for realizing the vision at the international arena leading to human welfare. It was started during the year 1996 as a separate entity to cater to the needs of thousands of young aspirants of higher education.

The world has entered 21st Century with a very stiff challenge ahead of it. No country can claim exception to this challenge. It is high time to realize the impact of globalization, knowledge revolution and significant advancement made in information and communication technology resulting in global competitiveness for survival. This has compelled educationists and educational planners to re-define the roles of the Universities in the contemporary changing world. A new thinking, a new approach, new concepts and directions to convert demographical advantage into knowledge power house through a blending of academic knowledge with a conversion of semi-skilled and unskilled manpower into a professionally skilled manpower.

Special Features: The Open Distance Learning system is a unique and challenging because, the learners joining Open Distance Learning hail from a diverse socio-economic background and with a varied learning background. The present conventional university system could not meet the genuine needs of such students who could not pursue their studies in a conventional university for various reasons. In order to give them an opportunity to pursue their studies in Open Distance Learning, this University has been established. The major objective of the University is to generate human resources of top quality with more emphasis laid on the following issues:

(1) To transform guiding vision into action plan through various measures.
(2) To generate high quality human resources through skill training.
(3) To provide opportunity to those who discontinued their studies.
(4) To provide opportunity to working class to acquire higher knowledge.
(5) To provide opportunity to pursue higher education at their own places.
(6) To provide transparent manner of admission.
(7) To transfer restricted learning to a global-based learning.
(8) To promote new concept and new direction to higher education.
(9) To promote multiple imperatives to achieve the national development.
(10) To play critical role in addressing social imperatives.
(11) To create adequate student-support services for innate capacity building.

Credit System for the Programmes

The University follows the **'Credit System'** for all its Programmes. Each credit is of 30 hours of study comprising of all learning activities such as studying the self-learning material, participating in the counseling/contact classes, preparing assignment, visiting library/industry/institution, interacting through audio-visual related mode and preparing for exams. Thus, a four credit course involves 120 study hours, a six credit course involves 180 study hours and so on. This helps the students to understand the academic efforts she/ he have to put in order to successfully complete the programme.

Maximum period for Completion of Programme

Normally, the Candidate is expected to complete the programme within the minimum period as laid down by the University for a Specific Program. However, a student who, for whatever reasons is not able to complete the program within the normal or minimum duration prescribed for the program may be allowed a period of two years beyond the normal period to clear the backlog to be qualified for the degree. The general formula therefore is N+2 years (N=- Normal / minimum duration prescribed for completion of the program) and will be revised from time to time as per the UGC norms.

8. M.Sc. Programmes

A. Duration: 2 Years

1. The duration of this curricular program is of **"TWO years"** and the maximum duration is of **"FOUR Years"** (2+2 years) from the year of admission. The student who fails to complete the program within **"FOUR Years"** shall seek admission afresh.

2. 11. Instructional Delivery System

The instructional methodology used in this University is different from that of conventional Universities. The Open University system is more learners oriented, and is geared to cater to the needs of motivated students, assuming that the student is an active participant in the teaching-learning process. The University follows multi-channel approach for instruction. Instruction to student is imparted through various modes such as print, audio and supported by counseling face to face, electronic mode etc. MSc Programme has blending of both personal contact programme and counseling. The theory and practical classes will be arranged as per the specifications of UGC at the KSOU headquarter/ recognized study centers. The students shall compulsorily attend practical classes and reap the benefit of requisite skills.

- Self-Learning Material (SLM): The Study material prepared by highly experienced academicians will be part of Instructional delivery. The study material is learner centric with illustrations, cases, experience etc., will help you to acquire the knowledge and the skill. This supplementary material will bridge the gap between the actual study material (print) and the benchmark prescribed by the regulatory body.
- Personal Contact Programme (PCP): The PCP will be arranged by the university at the notified center. Dedicated faculty will be pressed into action to render quality services.
- Counseling: The University will arrange counseling by way face to face and electronic counseling. The details relating to PCP and counseling will be uploaded to the University website at an appropriate time.

12. Evaluation

Evaluation system comprises of:

i. Internal assessment (IA) through assignments with a weightage of 20 marks.
ii. Term-end examination with a weightage of 80 marks.

i. Internal Assessment:

Internal Assessment for M.Sc. programmes has assignments, seminars, field visits, tests, seminars which are integral part of distance learning. The main purpose of internal assessment is to test the students' comprehension of the learning materials acquired through the studies and also to facilitate to understand performance of the student.

1. Assignments are to be submitted during the year of admission only. Student will not have any opportunity of submitting the Assignments in subsequent years. In case a student fails to submit the assignments he/she will be assessed only for the theory marks of 80.
2. The questions for assignments will be made available in the University official website.
3. The students of M.Sc. Programmes are informed to submit the assignment to the **Chairpersons of respective Departments, KSOU, Mysuru**. The last date for submission shall be notified in the assignment circular which will be uploaded in the website.
4. The University has the right to reject the assignments received after due date. Students are therefore, advised to submit them before the due date.
5. The students shall write assignments in blue books.
6. The students should preserve the photocopies of all the assignments.
7. There is no provision for revaluation of Internal Assessment related component.

ii. Term-end Examination

The University will conduct term-end exam as per calendar of events. No provision for supplementary examination.

14. Skill Development Programme

The University is offering the Skill development training programmes to enhance the skills for the students as per the directions of Government of India, University Grants Commission and Karnataka State Skill Development Corporation. The Learners of **M.Sc., and M.Lib.I.Sc. Programmes** shall choose any of the subjects indicated here under.

The hands on experience will be provided at Headquarters/Regional Centres only. Well experienced trainers will impart skill to the learners at all the levels. The learners are informed to select the subjects carefully and indicate it in the application.

The course opted by the learner in the first year will be continued till they complete the programme. There is no provision for changing the subject under any circumstances. Skill development at each level has two credits. The university will not conduct examination on such courses; however, credits assigned will be considered. Participation in Skill Development training is compulsory.

The following broader subjects have been identified for the purpose

1. Basic Computer Networking
2. Computer Fundamentals
3. Multimedia
4. Web Designing
5. Desk Top Publishing
6. English for Communication and Soft Skills
7. ಆಡಳಿತ ಕನ್ನಡ

The hours of theory and practical are dependent upon duration of the course. The syllabi may be downloaded from the University website. The schedule of skill development training will be intimated in due course.

15. Tentative Academic Planner

The tentative academic planner for various programmes offered for the university is given as below:
