16. Quality Initiatives

In an endeavor to step up the quality of services rendered by the university, Centre for Internal Quality Assurance has been constituted as per the UGC order.

National Mission on Education through Information and Communication Technology (NMEICT).

The National Mission on Education through Information and Communication Technology (NMEICT) has been envisaged as a Centrally Sponsored Scheme to leverage the potential of ICT, in teaching and learning process for the benefit of all the learners in Higher Education Institutions in any time anywhere mode. This was expected to be a major intervention in enhancing the Gross Enrolment Ratio (GER) in Higher Education by 5 percentage points during the XI Five Year Plan period.

The three cardinal principles of Education Policy viz., access, equity and quality could be served well by providing connectivity to all colleges and universities, providing low cost and affordable access-cum-computing devices to students and teachers and providing high quality e-content free of cost to all learners in the country. NMEICT encompasses all the three elements. The Mission has two major components:

1. Providing connectivity, along with provision for access devices, to institutions and learners;
2. Content generation.

It seeks to bridge the digital divide, i.e. the gap in the skills to use computing devices for the purpose of teaching and learning among urban and rural teachers/learners in Higher Education domain and empower those, who have hitherto remained untouched by the digital revolution and have not been able to join the mainstream of the knowledge economy. It plans to focus on appropriate pedagogy for e-learning, providing facility of performing experiments through virtual laboratories, on-line testing and certification, on-line availability of teachers to guide and mentor learners, utilization of available Education Satellite (EduSAT) and Direct to Home platforms, training and empowerment of teachers to effectively use the new method of teaching learning etc.

Karnataka State Open University (KSOU) has adopted National Mission on Education through Information and Communication Technology (NMEICT) a flagship initiative of Ministry of Human Resource Development aims to leverage the potential of Information and Communication Technology (ICT) in teaching and learning process by high quality , personalized and interactive knowledge modules over the internet for all the learners EIs) in anytime, anywhere mode. The Karnataka State Open University has created separate cell for the NMEICT and Virtual Labs. Adopted ICT initiatives of are as follows:

1. SWAYAM: Massive Open Online Courses
2. SWAYAMPRAKSHA: View digital courses on TV
3. National Digital Library: e-content
4. e-PG Pathshala: Gateway for e-books upto PG
5. Shodhganga: A reservoir of Indian Theses
6. e-ShodhSindhu: e-journals
7. e-Yantra: Engineering for better tomorrow
8. FOSSEE: Free/Libre and Open Source Software for Education
9. Virtual Labs: Web-enabled experiments designed for remote – operation
10. University Enterprise Resource Planning (SAMARTH)
11. [VIDWAN](#): Expert Database and National Research Network
12. [IRINS](#): Indian Research Information Network System

SWAYAMPRAKSHA:

SWAYAM Praksha is an initiative of the Ministry of Human Resources Development to provide 32 High Quality Educational Channels through DTH (Direct to Home) across the length and breadth of the country on 24X7 basis. It has curriculum-based course content covering diverse disciplines. This is primarily aimed at making quality learning resources accessible to remote areas where internet availability is still a challenge. The DTH channels are using the GSAT-15 satellite for programme telecasts. Karnataka State Open University has provided Opportunity to access relevant channels in the Cauvery Auditorium for the benefits of learners during their stay in the personal Contact Programme.

VIRTUAL LABS:

Virtual Labs will provide to the students the result of an experiment by one of the following methods (or possibly a combination). Modelling the physical phenomenon by a set of equations and carrying out simulations to yield the result of the particular experiment. This can, at-the-best, provide an approximate version of the ‘real-world’ experiment. Providing measured data for virtual lab experiments corresponding to the data previously obtained by measurements on an actual system. Remotely triggering an experiment in an actual lab and providing the student the result of the experiment through the computer interface. This would entail carrying out the actual lab experiment remotely. Virtual Labs will be made more effective and realistic by providing additional inputs to the students like accompanying audio and video streaming of an actual lab experiment and equipment. For the ‘touch and feel’ part, the students can possibly visit an actual laboratory for a short duration.

Karnataka State Open University has recognised Nodal Center for Virtual Labs under the leadership of National Institute of Technology, Surathkal and established well equipped V Labs Nodal Center at Science Bhavan which can cater the needs of KSOU learners of to access the experiments developed by NITK.

E CONTENT DEVELOPMENT:

The UGC e-Content scheme aims at developing high quality e-Content, as well as expertise for generating such content over the long term. The scheme provides financial assistance and technical support to teachers and other experts based in colleges and universities for the development of e-Content. The e-Content development and the associated web based learning described here do not seek to replace traditional teaching and learning, but are expected to supplement them. The inclusion of e-Content in learning is now inevitable, and the UGC initiative is designed to meet the new challenges, and to help India take the lead in this newly emerging field. The **Karnataka State Open University** has initiated development of e content proposal under the NMEICT .

Centre for Internal Quality Assurance (CIQA):

KSOU has established the Centre for Internal Quality Assurance (CIQA) as per UGC Open & Distance Learning Regulations 2017 to maintain quality in the service provided to the stakeholders and to assure quality standards are maintained in all its academic and administrative activities. The committee for CIQA interacts with the stakeholders and initiates various measures to promote quality of services at every stage i.e. from the enrolment of students till they accomplish their goals in their academic pursuit.
